

Now with Sunshine  
and Lutein!

## The Ultimate Vision Support Ingredients

**Triglyceride Omega-3** - The natural form of omega-3 is proven to absorb 70% better than 'drug store' ethyl ester alcohol fish oils.<sup>2</sup>

**Vitamin D3** - Women with the highest levels of Vitamin D had a 59% decreased risk of developing Macular Degeneration. Three-quarters of U.S. teens and adults are deficient in vitamin D.<sup>5</sup>

**Lutein & Zeaxanthin** - Powerful antioxidants found in leafy green vegetables and concentrated mainly in the eye to support macular pigment. The consumption of Lutein and Zeaxanthin reduces the risk of developing Macular Degeneration and Nuclear Cataracts by 57% and 36% respectively.<sup>6,7</sup>

## frequently asked questions

How do I know that Ultra Dry Eye TG works?

45% of dry eye patients were asymptomatic and 100% showed improvement after taking Ultra Dry Eye TG for 30 days and the Dry Eye Compress for 5 minutes per day in a recent study.<sup>1</sup>

I've tried to take fish oil but I couldn't stand the "fish burps." How is Ultra Dry Eye TG different?

Ultra Dry Eye TG Omega-3 is in the triglyceride molecular (TG) form, — it absorbs directly through the small intestine into the blood stream — this gives it superior bio-absorption and no fish burps guaranteed!

Can't I just buy fish oil at the drugstore?

In 2011 nine name brand "drugstore" fish oils were found to contain levels of plasticizers (PCB's), a known carcinogen, that exceeded safe levels by up to 10 times according to the state of California.<sup>3,4</sup> Also, using "drugstore" fish oil would require at least 10 pills a day to achieve the 2,400mg of Omega-3 needed to treat Dry Eye Syndrome.

Is it true that some fish oils are an alcohol?

Yes, if your bottle of fish oil doesn't say 'Triglyceride' form, it's an ethyl ester (EE) alcohol — which can only be absorbed through the liver. Due to this inefficient absorption EE fish oil loses 60% of its potency in digestion and causes the "fish burps."<sup>2</sup>

How do I know that OcuSci products don't contain contaminants? Our products are independently tested and certified free of contaminants by lot and the results are published at SafeChek.org.

## All fish oils are not created equal

**Money Back Guarantee** - Improve Dry Eye symptoms in 30 days or your money back - no questions asked!

- No fish burps guaranteed!
- Tested & certified free of contaminants
- Sourced from highly sustainable fisheries: wild caught Nordic sardines and anchovies

*"My patients typically see drastic improvement in just 30 days with Ultra Dry Eye TG."*

— R. Anthony Hutchinson, O.D.  
Encinitas, CA

## The Ultimate Omega's for Eye Health

**Ultra Dry Eye TG with Lutein & Vitamin D3**

Clinically proven to treat dry eye

- 2,430mg triglyceride Omega-3
- 2,145mg EPA/DHA
- 10mg Lutein
- 1,500iu Vitamin D3

**Ultra Dry Eye TG with Vision Guard**

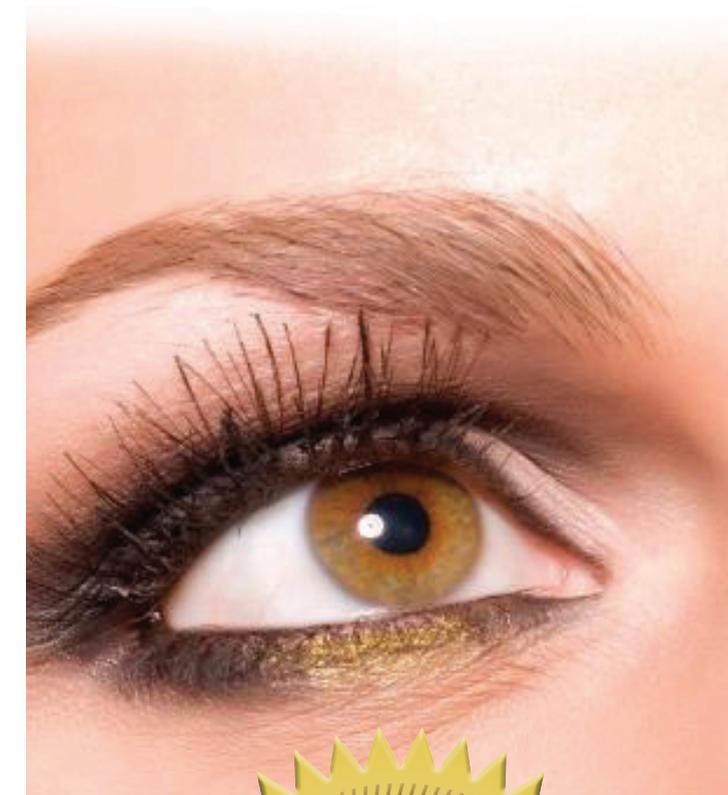

- Easy to Swallow, mini-softgels
- 2,430mg triglyceride Omega-3
- 2,145mg EPA/DHA
- 1,500iu Vitamin D3
- 849% DV Vitamin B12 (methylated)
- 15mg Lutein

■ 3mg Zeaxanthin

**Vision Guard**

- Daily vision health supplement
- Easy to swallow mini-softgels
- 1620mg Omega-3
- 1,430mg EPA/DAH
- 10mg Lutein
- 2mg Zeaxanthin
- 1,000iu Vitamin D3
- 567% DV Vitamin B12 (methylated for absorption)

Clinically proven to improve  
dry eye symptoms in 30 days

# THE DRY EYE COMPRESS IS CLINICALLY SHOWN TO IMPROVE TEAR LAYER FUNCTION

*Proven effective in clinical studies*

## Use HOT or Cold! 🔥 ❄️

The Dry Eye Compress is safe, effective and convenient:

- Just heat in the microwave for 20 seconds!
- Heat and moisture for 10 minutes!
- Machine-washable, wicking cover holds moisture longer than any other compress
- Put in the freezer to treat swollen, puffy eyes
- Washable and reusable for years
- No additional parts needed

## Better Together

The Dry Eye Starter Kit is clinically proven to bring instant and lasting relief to dry, itchy eyes in just 30 days!

**New!** The HydroHeat™ Machine-Washable cover delivers therapeutic heat and moisture longer than any other compress!

### What is the Dry Eye Compress?

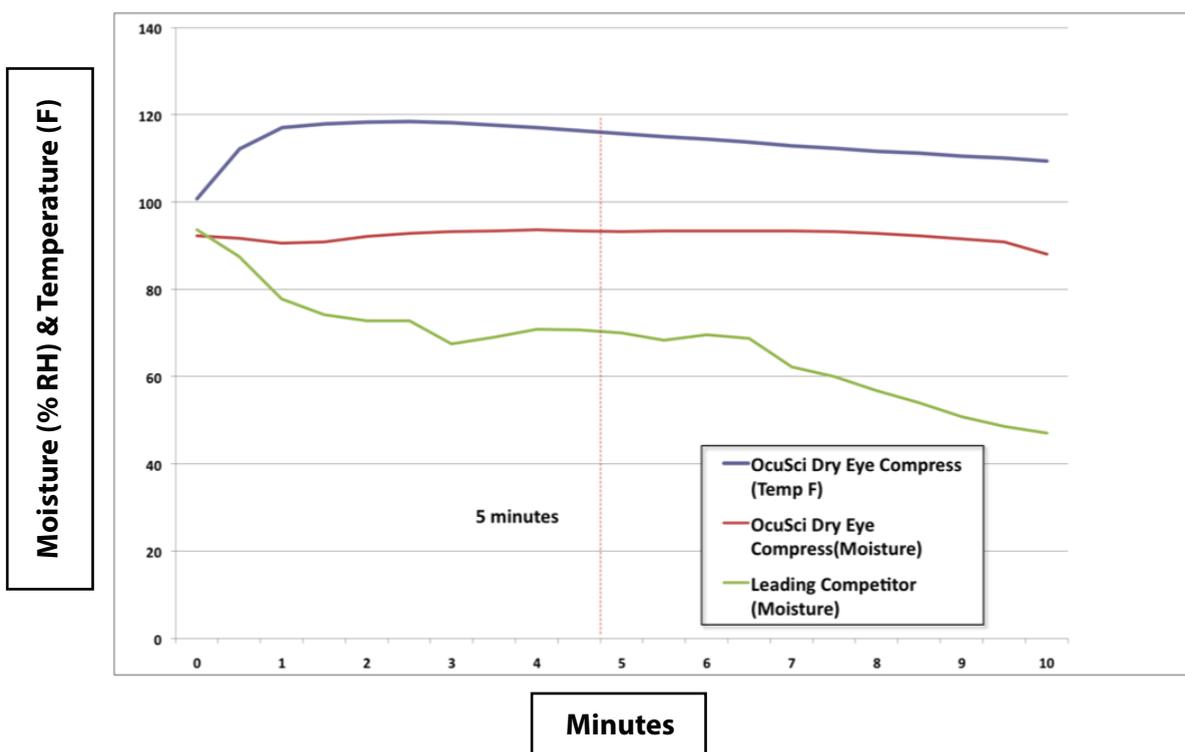

The Dry Eye Compress is recommended by clinicians to provide deep penetrating moist heat treatment for instant relief of dry, itchy eyes.

### The Dry Eye Compress helps treat:

- Dry Eye Syndrome
- Meibomian Gland Dysfunction
- TMJ
- Sinus pressure, tension, stress, conjunctivitis, and sty

**Antimicrobial, and lasts for years** The Dry Eye Compress will not support bacteria or fungi growth. Unlike grain and seed products.

## Therapeutic Moist Heat for Over 10 Minutes!<sup>1</sup>

Ultra Dry Eye Compress + Ultra Dry Eye TG

- Just 5 minutes a day
- Just 3 a day
